

Technical Data:

Material: Tinned copper foil wire + PET + Tinned copper wire

Working Temperature: -50°C-150°C

Flammability: VW-1

Standard Color: Tin color

Cutting: Scissors

Packaging: Paper reel

Features:

Lightweight and corrosion-resistant

High abrasion resistance

Flame retardant

Easy to install

Flexibility and spring back

Specifications:

Part No.	I.D. (mm)	Applicable Range (mm)	Flat Width (mm)	Overlap	Packing (M/R)	Picture
